

How to handle the EANS2016 iPlanner?

The EANS2016 iPlanner gives you the possibility to create **YOUR OWN PERSONAL CONGRESS AGENDA** by browsing through the EANS2016 Scientific Programme and marking the parts you are interested in. This information will be saved into your personal account that you have to create beforehand and will be accessible and amendable for you also on the EANS2016 Meeting App. This way you save time on looking for sessions or talks and make sure to not miss anything you are interested in.

1. Enter the scientific programme on the EANS2016 Congress website under <http://www.professionalabstracts.com/eans2016/iplanner/>.

2. Register to the iPlanner by creating an account with your e-mail address.

To do so click on the “Sign in” button in the right hand upper corner of the scientific programme page. A new window will open. On the bottom of it you can click to create a new account.

3. You will receive a confirmation e-mail with a link. Open the link and choose a password.

4. Now you are able to sign in on <http://www.professionalabstracts.com/eans2016/iplanner/> with your new account.
